The policy will be offered on a sex distinct and unisex basis. The unisex version will only be used in situations where sex neutral benefits are required to comply with the United States Supreme Court decision in Arizona Governing Committee v. Norris.

The Waiver of Surrender Charge Rider provides that we will waive a specified portion of the surrender charge on the initial Stated Death Benefit at the occurrence of a qualifying termination event. We may also use this rider with future life products.

The following previously approved forms will be marketed with the submitted policy form (approval dates provided):

135400 - Application for Life Insurance - 8/1/05  
 128144 - Master Application for Employer-Sponsored Guaranteed Issue Life Insurance - 8/02/07  
 128145 - Indvl. Appl for GI Employer Spons. Life Insurance - 8/02/07  
 128146 - Application for Simplified Issue Life Insurance - 8/02/07  
 128147 - Binding Limited Receipt - Guaranteed Issue - 8/02/07

## SCHEDULE

POLICY NUMBER	[67000001]
POLICY DATE	[October 15, 2008]
INSURED	[JOHN DOE]
AGE/GENDER	[35, MALE]
RISK CLASS	[STANDARD NO TOBACCO]
[RATING FACTOR]	[1.0]
[FLAT EXTRA AMOUNT (PER MONTH PER \$1,000)]	[\$0.00 for 0 policy years]
INITIAL STATED DEATH BENEFIT	[\$50,000]
[TARGET DEATH BENEFIT]	[\$100,000*]
MINIMUM DEATH BENEFIT AMOUNT	\$50,000
DEATH BENEFIT OPTION	[1]
MONTHLY PROCESSING DATE	[15th]
SCHEDULED PREMIUM	[\$1000.00 annual]
MINIMUM MONTHLY PREMIUM	[\$57.00]
DEFINITION OF LIFE INSURANCE TEST	[GUIDELINE PREMIUM TEST]

Coverage will expire prior to Attained Age 121 if your policy's Net Surrender Value is insufficient to continue coverage. Any changes to your policy will affect the coverage, including but not limited to partial withdrawals, loans, changes to the interest rate credited to your policy and current monthly charges, including the cost of insurance rates.

If your policy is in force at Attained Age 121, it will continue as stated in the Continuation of Coverage section of your policy.

[\*This amount is the Target Death Benefit on the Policy Date. This death benefit may change at the beginning of each policy year. For details, see your Adjustable Term Insurance Rider Table of Target Death Benefits Schedule and your Adjustable Term Insurance Rider.]

## SCHEDULE (CONTINUED)

### GUARANTEED MAXIMUM POLICY CHARGES

- a. **Guaranteed Maximum Premium Expense Charge** (of all premium) 10%
- b. **Guaranteed Maximum Monthly Charges**
1. Cost of Insurance Charge See the Policy Table of Guaranteed Rates Schedule
  2. Policy Charge \$30.00
  3. Administrative Charge per \$1,000 of Stated Death Benefit [Segment years 1-20 \$0.30600]  
[Segment years 21+ \$0.00000]
- c. **Guaranteed Maximum Transaction Charges**
1. Partial Withdrawal Service Fee (per partial withdrawal) \$10.00
  2. Excess Policy Illustration Fee (for each illustration after the first in a policy year) \$25.00
- d. **Surrender Charge**  
These are the maximum surrender charges for the initial Stated Death Benefit shown in your Schedule for Segment #1. These charges may change if there is an increase or decrease in the Stated Death Benefit. The surrender charge is zero at the beginning of the 10th year following a Segment's effective date.

If surrender charges are applicable, a decrease in the Stated Death Benefit will result in the deduction of a surrender charge from the Account Value. For details, see the Requested Decreases, Partial Withdrawal Provisions and Surrender Provisions sections.

Segment Year	Maximum Surrender Charge Amount
1	[\$1,006.50]
2	[\$894.50]
3	[\$782.50]
4	[\$670.50]
5	[\$558.50]
6	[\$446.50]
7	[\$334.50]
8	[\$222.50]
9	[\$110.50]
10+	[\$0.00]

**SCHEDULE (CONTINUED)**

**DEFINITION OF LIFE INSURANCE CASH VALUE ACCUMULATION TEST  
DEATH BENEFIT FACTORS**

Your policy's Base Death Benefit will not be less than the amount of life insurance necessary to comply with the Cash Value Accumulation Test of section 7702 of the Internal Revenue Code, as applicable to your policy. Specifically, the Base Death Benefit at any time will not be less than the Account Value multiplied by the reciprocal of the net single premium for \$1 of death benefit at such time (the "Death Benefit Factor"). For this purpose, the net single premium will be determined using the following assumptions:

- a. Cost of insurance rates based on 100% of the 2001 Commissioners Standard Ordinary Mortality Table (age nearest birthday, as reflected in your policy's guaranteed cost of insurance rates applicable to the non-rated risk class), except that if lower cost of insurance rates are guaranteed for any duration, then such lower rates will be used;
- b. Interest at an annual effective interest rate equal to the greater of 4% or the rate or rates guaranteed under your policy, including any interest rate guarantee applicable for any duration;
- c. No expense charges;
- d. The death benefit will be assumed not to increase;
- e. The death benefit will be assumed to be provided until a maturity date that is Attained Age 100; and
- f. Application of all other computational rules and requirements of the Cash Value Accumulation Test of section 7702 of the Internal Revenue Code.

We will construe your policy in a manner consistent with the requirements of the Cash Value Accumulation Test of section 7702 of the Internal Revenue Code.

The rates shown above are for a non-rated risk class. If your policy has a rating factor or a flat extra amount, we will adjust the maximum cost of insurance rates using the rating factor or flat extra amount shown in your Schedule. If your policy has a rating factor, we will determine the maximum cost of insurance rates by multiplying the rates shown above by the rating factor shown in your Schedule. If your policy has a flat extra amount, we will determine the maximum cost of insurance rates by adding the rates per \$1,000 shown above to the flat extra amount shown in your Schedule. We base the rates shown above on the 2001 Commissioners Standard Ordinary, [Male], Smoker Composite, Ultimate Mortality Table, age nearest birthday.

The rates shown above are for a non-rated risk class. If your policy has a rating factor or a flat extra amount, we will adjust the maximum cost of insurance rates using the rating factor or flat extra amount shown in the Additional Benefits and Riders section of your Schedule. If your policy has a rating factor, we will determine the maximum cost of insurance rates by multiplying the rates shown above by the rating factor shown in the Additional Benefits and Riders section of your Schedule. If your policy has a flat extra amount, we will determine the maximum cost of insurance rates by adding the rates per \$1,000 shown above to the flat extra amount shown in the Additional Benefits and Riders section of your Schedule. For policies issued at ages 16 and greater, we base the rates shown above on the 2001 Commissioners Standard Ordinary, [Female, Nonsmoker], Ultimate Mortality Table, age nearest birthday.

For policies issued at ages 0-15, we base the rates for ages 0-15 on the 2001 Commissioners Standard Ordinary, [Female], Smoker Composite, Ultimate Mortality Table, age nearest birthday; and the rates for ages 16 and above on the 2001 Commissioners Standard Ordinary [Female, Nonsmoker], Ultimate Mortality Table, age nearest birthday.

## TERMS TO UNDERSTAND

This section identifies some of the important terms that we have used throughout your policy and that have special meaning. It is a reference to where we have defined and more fully discussed these terms.

**Account Value and Net Account Value:** For details, see the Account Value section on page 12

**Age, Attained Age and Segment Age:** For details, see the Ages section on page 20

**Base Death Benefit, Minimum Death Benefit, Stated Death Benefit, Target Death Benefit and Total Death Benefit:** For details, see the Death Benefit Provisions section on page 6

**Death Proceeds:** For details, see the Payment of Death Proceeds section on page 9

**Grace Period:** For details, see the Grace Period and Lapse section on page 18

**ING Customer Service Center:** For details, see the ING Customer Service Center section on page 22

**Insured:** For details, see the Insured section on page 20

**Loan Amount:** For details, see the Loans section on page 14

**Minimum Monthly Premium:** For details, see the Special Continuation Period and Minimum Monthly Premium section on page 18

**Monthly Deduction:** For details, see the Monthly Deduction section on page 13

**Monthly Processing Date:** For details, see the Monthly Processing Date section on page 6

**Net Premium, Scheduled Premium and Segment Premium:** For details, see the Premium Provisions section on page 10

**Policy Date:** For details, see the Policy Date section on page 6

**Right to Examine Period:** For details, see the Policy Dates and Periods section on page 6

**Segment:** For details, see the Segment section on page 6

**Surrender Value and Net Surrender Value:** For details, see the Policy Surrenders section on page 16

## **INSURANCE COVERAGE PROVISIONS**

### **POLICY DATES AND PERIODS**

#### **Policy Date**

We show the Policy Date in your Schedule. It is the date from which we measure policy years, policy months and policy anniversaries, and it determines the Monthly Processing Date. A policy anniversary occurs each year on the same month and day as the Policy Date.

The Policy Date is the effective date for all coverage provided under the initial Segment, or Segment #1. No coverage may take effect under your policy unless we receive the amount of premium required for coverage to begin under your policy, and there has been no change in the insurability of the person proposed for insurance from the date of your policy application to the date we receive this required premium.

#### **Monthly Processing Date**

The Monthly Processing Date is the date each month on which the Monthly Deduction from the Account Value is due. The first Monthly Processing Date is the Policy Date. Subsequent Monthly Processing Dates are the same calendar day of each month as the Policy Date.

#### **Right to Examine Period**

The Right to Examine Period is the number of days after delivery of your policy during which you have the right to examine your policy and return it for a refund. For details, see the Cover Page.

### **DEATH BENEFIT PROVISIONS**

#### **Segment**

A Segment is a piece of death benefit coverage. The Stated Death Benefit shown in your Schedule is the initial Segment, or Segment #1. Each increase in the Stated Death Benefit (other than due to a death benefit option change) is a new Segment. We will show each new Segment, with its effective date, on a new Schedule. The first Segment year begins on the effective date of the Segment and ends one year later. Each new Segment will be subject to new monthly cost of insurance, administrative and surrender charges, as well as new incontestability and suicide exclusion periods. For details, see the Requested Increases in Coverage section.

#### **Stated Death Benefit**

The Stated Death Benefit is the sum of the Segments under your policy and is in your Schedule. The Stated Death Benefit changes when there is an increase, decrease, or a transaction that causes your policy to change. For example, a partial withdrawal under Death Benefit Option 1 may cause the Stated Death Benefit to change.

#### **Death Benefit Options**

Death benefit options are different methods of calculating the Base Death Benefit. The death benefit option you selected is in your Schedule.

### **Base Death Benefit**

The Base Death Benefit is the death benefit of your policy and does not include any additional death benefit provided by riders attached to your policy, if any. We calculate the Base Death Benefit according to one of the following death benefit options:

Death Benefit Option 1: Under Death Benefit Option 1, the Base Death Benefit is the greater of:

- a. The Stated Death Benefit; or
- b. The Account Value multiplied by the appropriate factor from the Death Benefit Factors described in your Schedule.

Death Benefit Option 2: Under Death Benefit Option 2, the Base Death Benefit is the greater of:

- a. The Stated Death Benefit plus the Account Value; or
- b. The Account Value multiplied by the appropriate factor from the Death Benefit Factors described in your Schedule.

Death Benefit Option 3: Under Death Benefit Option 3, the Base Death Benefit is the greater of:

- a. The Stated Death Benefit plus premiums received minus partial withdrawals and partial withdrawal service fees; or
- b. The Account Value multiplied by the appropriate factor from the Death Benefit Factors described in your Schedule.

### **Minimum Death Benefit**

We show the Minimum Death Benefit in your Schedule. The Minimum Death Benefit applies to the Target Death Benefit.

### **Target Death Benefit**

The Target Death Benefit is an amount of death benefit coverage scheduled by you at issue and it may vary by year. If you do not have an Adjustable Term Insurance Rider, the Target Death Benefit in all years is the same as the Stated Death Benefit.

### **Total Death Benefit**

The Total Death Benefit is equal to the Base Death Benefit, plus the death benefit from your Adjustable Term Insurance Rider, if any.

### **Definition of Life Insurance**

The definition of life insurance test shown in your Schedule is the specific method by which we determine whether your policy meets the definition of life insurance under the Internal Revenue Code of 1986, as amended, and its rules and regulations. If you do not elect a test on your application, the Guideline Premium Test will apply to your policy. The test is not subject to change unless required by a change in the Internal Revenue Code or by other applicable legal authority.

We design your policy to qualify as a life insurance contract under the Internal Revenue Code, and we will construe all terms and provisions of your policy in a manner consistent with that design. The Base Death Benefit in force at any time will not be less than the amount of insurance necessary to achieve such qualification under the applicable provisions of the Internal Revenue Code. We reserve the right to amend your policy, return or refuse any premium, whether scheduled or unscheduled, adjust the amount of coverage and reject any policy request when required to maintain this tax qualification. We also reserve the right to reject any policy request if the request might cause us to return any premium to you, unless you have agreed in writing.

If premiums paid during any policy year exceed the limits set by the Internal Revenue Code, we will return the excess premiums to you, with interest as required by law, within 60 days after the end of the policy year. However, under current tax law, you have the right to pay the premium required to keep your policy in force to the end of the policy year.

## **CHANGES IN INSURANCE COVERAGE**

Once each policy year, you may give us notice requesting a change to the Stated Death Benefit. We must approve any change to the Stated Death Benefit and the following will apply to all changes:

- a. The effective date of the change will be the Monthly Processing Date immediately following the date of our approval;
- b. The minimum amount of the change is \$1,000;
- c. Any change will automatically cancel any future scheduled changes. After the change, the Target Death Benefit will remain level and equal to the amount in effect immediately following the change; and
- d. You may request a new schedule of insurance coverage, but any new schedule is subject to our approval.

### **Requested Increases in Coverage**

Requested increases to the Stated Death Benefit are also subject to the following:

- a. Your request must be made after the first Monthly Processing Date and before the end of Attained Age 85 (Attained Age 75 for guaranteed issue policies);
- b. You must provide evidence satisfactory to us that the Insured is insurable according to our normal rules of underwriting; and
- c. An increase will create a new Segment of Stated Death Benefit. Each new Segment will have its own monthly cost of insurance, administrative and surrender charges, as well as new incontestability and suicide exclusion periods.

### **Requested Decreases in Coverage**

Requested decreases to the Stated Death Benefit are also subject to the following:

- a. Your request must be made after the end of the first policy year;
- b. We will limit the decrease such that, immediately after the requested decrease, the Target Death Benefit is at least the Minimum Death Benefit;
- c. If you have an Adjustable Term Insurance Rider, a decrease will first reduce the Adjustable Term Insurance Rider death benefit;
- d. A decrease will reduce each of the Stated Death Benefit Segments in the same proportion that the Segment bears to the Stated Death Benefit, as of the effective date of the decrease; and
- e. A surrender charge will apply if you decrease a Segment of Stated Death Benefit during the surrender charge period. If a surrender charge applies, we will deduct it from the Account Value and reduce future surrender charges. For details, see the Surrender Charges section.

## Death Benefit Option Changes

Beginning with the first Monthly Processing Date and ending at Attained Age 121, you may give us notice requesting a change to the death benefit option. This change will be effective as of the next Monthly Processing Date following approval. A death benefit option change applies to the entire Stated Death Benefit. We may not allow any change if it would reduce the Target Death Benefit below the Minimum Death Benefit. We do not allow the following death benefit option changes:

- a. Death Benefit Option 1 to Death Benefit Option 3;
- b. Death Benefit Option 2 to Death Benefit Option 3; and
- c. Death Benefit Option 3 to Death Benefit Option 2.

After the effective date of the change, we will change the Stated Death Benefit according to the following table:

DEATH BENEFIT OPTION CHANGE		STATED DEATH BENEFIT FOLLOWING THE CHANGE EQUALS THE:
FROM	TO	
Death Benefit Option 1	Death Benefit Option 2	Stated Death Benefit prior to such change, minus the Account Value as of the effective date of the change.
Death Benefit Option 2	Death Benefit Option 1	Stated Death Benefit prior to such change, plus the Account Value as of the effective date of the change.
Death Benefit Option 3	Death Benefit Option 1	Stated Death Benefit prior to such change, plus the sum of all the premiums received, minus all partial withdrawals and partial withdrawal service fees taken prior to the effective date of the change.

To determine the Segment Stated Death Benefit after a death benefit option change, we allocate the Account Value to each Segment in the same proportion that the Segment bears to the Stated Death Benefit as of the effective date of the change.

## PAYMENT OF DEATH PROCEEDS

Death Proceeds is the amount we will pay on the Insured's death and we compute the amount as of the date of the Insured's death.

Death Proceeds equals:

- a. The Total Death Benefit in effect on the date of the Insured's death, minus
- b. Any Loan Amount; minus
- c. Unpaid Monthly Deductions, if any, incurred prior to the date of the Insured's death.

We will pay the Death Proceeds within 7 days of when we receive due proof of the death claim. Due proof of the death claim means we have received:

- a. Due proof of the Insured's death;
- b. Sufficient information to determine the amount of the Death Proceeds and the identity of the legally entitled beneficiaries; and
- c. Sufficient evidence that any legal impediments to payment that depend on parties other than us are resolved. Such legal impediments include, but are not limited to, the establishment of guardianships and conservatorships, the appointment and qualification of trustees, executors and administrators and our receipt of information required to satisfy state and federal reporting requirements.

Any Death Proceeds we pay are subject to adjustments as provided in the Misstatement of Age or Gender, Suicide Exclusion and Incontestability sections. We will pay the Death Proceeds in one lump sum unless you request an alternate method of payment. We describe other available payout methods in the Settlement Options Provisions section.

We will pay interest on the lump sum Death Proceeds from the date of the Insured's death to the date of payment. We will compute interest using our most current interest rate for amounts left on deposit under the Hold at Interest settlement option. If we pay the Death Proceeds more than 30 calendar days after the date we receive due proof of the death claim, we will pay interest beginning on the 31<sup>st</sup> calendar day at an annual interest rate of 10% plus our most current interest rate for amounts left on deposit under the Hold at Interest settlement option.

## **CONTINUATION OF COVERAGE**

If your policy is in force at Attained Age 121, it will continue pursuant to the terms of your policy. On that date, the following will occur:

- a. If you have an Adjustable Term Insurance Rider, we will set the Stated Death Benefit of your policy equal to the Target Death Benefit. Any Adjustable Term Insurance Rider will then terminate; and
- b. All other riders attached to your policy will also terminate; and
- c. If the death benefit option in force on your policy is Death Benefit Option 2 or Death Benefit Option 3, we will convert your policy to Death Benefit Option 1 in accordance with the procedures outlined in the Death Benefit Option Changes section of your policy. We will not allow further changes to the death benefit option.

After Attained Age 121:

- a. We calculate the Base Death Benefit as stated in your policy;
- b. No further premiums will be accepted except amounts required to keep your policy from lapsing;
- c. No further Monthly Deductions will be taken;
- d. Transaction charges will continue to be deducted at the time of the applicable transaction;
- e. Interest will continue to be credited to the Account Value;
- f. Partial withdrawals will continue to be available;
- g. Loans will continue to be available and any existing loan will continue. Loan interest will continue to accrue and if not paid may cause your policy to lapse. Repayments on loans will be accepted; and
- h. Your policy will enter the 61-day Grace Period if the Net Surrender Value is zero or less.

You may surrender your policy if you do not want coverage to continue past Attained Age 121.

**Continuing coverage provided beyond Attained Age 100 may cause your policy to fail to qualify as life insurance under the Internal Revenue Code and you may be subject to adverse tax consequences. You should consult a tax advisor before you choose to continue your policy after Attained Age 100.**

## **PREMIUM PROVISIONS**

### **PREMIUMS**

#### **Scheduled Premium**

Scheduled Premium is the amount that you indicate on your application as the amount you intend to pay at fixed intervals over a certain period. You may specify the interval as monthly, quarterly, semiannually or annually. You are not required to pay the Scheduled Premium and you may change it at any time. You may pay more or less than the amount of the Scheduled Premium, subject to the Premium Limitation section. Payment of the Scheduled Premium does not guarantee that the coverage will not lapse.

You may pay the Scheduled Premium shown in your Schedule while your policy is in force prior to Attained Age 121. Under conditions provided in the Grace Period section, you may be required to make additional premium payments to keep your policy in force. All premiums after the first will be payable in advance as provided in the ING Customer Service Center section. We will furnish a receipt signed by one of our officers upon your request.

#### **Unscheduled Premium**

You may make unscheduled premium payments at any time your policy is in force prior to Attained Age 121, subject to the Premium Limitation section. Unless you give us notice otherwise, we will first apply these premium payments to reduce or pay off any existing loan. We may limit the amount of any unscheduled premium payments if the payment would result in an increase in the Base Death Benefit.

### **PREMIUM LIMITATION**

We will return any premium or any portion of the Account Value that causes your policy not to qualify as life insurance under the Internal Revenue Code. We will also reject or return any unscheduled or Scheduled Premium if the premium would cause:

- a. An increase in the death benefit not allowed under our normal rules of underwriting; or
- b. Classification of your policy as a modified endowment contract under the Internal Revenue Code, unless you have agreed to such classification in writing.

You may not pay any premiums either after Attained Age 121, except any premiums necessary to keep your policy from lapsing, or after the Insured's death.

### **NET PREMIUM**

Net Premium equals the premium received, minus the premium expense charge. We deduct this charge from each premium before allocating the premium to the Account Value.

Each time we receive a premium we determine the premium expense charge by multiplying the applicable premium expense charge percentage by the premium amount. The guaranteed maximum premium expense charge percentage is in your Schedule.

## **FAILURE TO PAY PREMIUM**

If you stop paying premiums prior to Attained Age 121, we will continue to deduct the Monthly Deduction to cover your policy and rider charges. If the Net Surrender Value is insufficient to cover the Monthly Deduction, coverage may lapse. For details, see the Grace Period section.

## **ACCOUNT VALUE PROVISIONS**

### **ACCOUNT VALUE**

The Account Value on the Policy Date will be the Net Premium paid on that date for your policy, minus the Monthly Deduction for the first policy month.

On any Monthly Processing Date other than the Policy Date, the Account Value is equal to:

- a. The Account Value on the first day of the previous policy month; plus
- b. One month's interest credited on both the loaned and unborrowed portion of item a.; plus
- c. Any Net Premium received since the most recent Monthly Processing Date with interest from the date of receipt to the date of calculation; minus
- d. The Monthly Deduction for the current month; minus
- e. The amount of any partial withdrawal on the Monthly Processing Date; minus
- f. Any policy transaction charges incurred since the most recent Monthly Processing Date, including interest on the transaction charge amount, from the effective date of the transaction to the date of calculation; minus
- g. Any surrender charges incurred because of a decrease in the Stated Death Benefit or a partial withdrawal.

We calculate the Account Value on any other day in a manner consistent with the preceding formula.

### **Net Account Value**

The Net Account Value is the amount of the Account Value minus any Loan Amount.

## **GUARANTEED MINIMUM INTEREST RATE**

The interest rate applied in the calculation of the Account Value will not be less than the guaranteed minimum interest rate shown in your Schedule. This rate is an effective annual interest rate. We guarantee that the interest rate in effect at each policy anniversary will not change for the next 12 policy months.

## **ADDITIONAL INTEREST CREDITING BONUS**

We will credit additional interest to your policy on the unborrowed portion of the Account Value once it has been in force for the period shown in your Schedule and if the interest rate applied in the calculation of the Account Value is greater than the guaranteed minimum interest rate. The guaranteed additional interest crediting bonus rate is an effective annual interest rate compounded yearly and is in your Schedule. The current additional interest crediting bonus rate you receive may be higher, but it will never be less than the guaranteed rate.

## **DEDUCTIONS**

### **MONTHLY DEDUCTION**

The Monthly Deduction is equal to:

- a. The monthly cost of insurance charge for your policy and the other monthly charges shown in your Schedule, plus
- b. The monthly charges, if any, for any additional benefits provided by your riders.

We deduct the Monthly Deduction from the Account Value as of the Monthly Processing Date. We will show the Monthly Deductions in periodic reports that we send you at least once per policy year, and we show the guaranteed maximum monthly charges in your Schedule. After Attained Age 121 we will not subtract any further Monthly Deductions.

### **Cost of Insurance**

The cost of insurance charge for your policy is the sum of the cost of insurance for all Segments. Each Segment's cost of insurance is the cost of insurance rate for the risk class for that Segment, multiplied by the net amount at risk allocated to that Segment. It is determined on a monthly basis.

We use the net amount at risk to determine the cost of insurance charges; it is equal to a. divided by b., minus c., where:

- a. Is the sum of the Base Death Benefit for each Segment as of the Monthly Processing Date (after subtracting those Monthly Deduction charges that are deducted before calculating the Base Death Benefit cost of insurance);
- b. Is the result of One plus the monthly equivalent of the guaranteed minimum interest rate shown in your Schedule; and
- c. Is the Account Value as of the Monthly Processing Date (after subtracting those Monthly Deduction charges that are deducted before calculating the Base Death Benefit cost of insurance).

We will allocate the net amount at risk to a Segment in the same proportion as that Segment's Stated Death Benefit bears to the sum of the Stated Death Benefits for all Segments.

We will determine the cost of insurance rate for each Segment from time to time. Different rates will apply to each Segment. We will base the rates on the gender and Segment Age as of the Segment effective date, the duration since the coverage began and the Segment risk class of the Insured.

### **Transaction Charges**

We deduct transaction charges, as described in your Schedule, at the time of the applicable transaction.

### **ADJUSTMENT TO POLICY COST FACTORS**

We may periodically change the rates for the cost of insurance and other charges, or the interest rate we credit to the Account Value. We will base any changes on our expectations of the following future cost factors: mortality, expenses including taxes, persistency, investment earnings and reinsurance. Any change will apply to all policies of the same Age, gender and risk class for the Insured that have been in force for the same period. The cost of insurance and other charges will never exceed the guaranteed maximum rates shown in your Schedule. The interest rate we credit to the Account Value will never be less than the guaranteed minimum interest rate shown in your Schedule. We will not adjust cost of insurance rates, other charges or the interest rates we credit to the Account Value to recover past losses.

### **POLICY LOAN PROVISIONS**

#### **LOANS**

You may give us notice requesting a loan, secured only by your policy, on or after the first Monthly Processing Date. The minimum and maximum amount you may borrow is in your Schedule. However, requesting a maximum loan may cause your policy to enter the Grace Period before the next policy anniversary.

The Loan Amount equals:

- a. The Loan Amount as of the beginning of the policy year; plus
- b. New loans; plus
- c. Accrued but unpaid loan interest; minus
- d. Loan repayments.

If the Loan Amount equals or exceeds the Surrender Value, you must pay a premium sufficient to keep your policy in force. For details, see the Grace Period section. Loans may generate an income tax liability, reduce the available Surrender Value and Death Proceeds or cause your policy to lapse.

## **LOAN INTEREST**

We charge you loan interest on the Loan Amount. The guaranteed maximum loan interest rate is in your Schedule. The current loan interest rate may be less than the maximum rate and may change from time to time. We will notify you of the current loan interest rate when you receive a loan and give you reasonable advance notice of any increase in the current loan interest rate. Loan interest is due and payable at the end of each policy year. If loan interest is not paid when due, it is added to the loan. For details, see the Loans section.

The portion of the Account Value subject to a loan may accumulate at a different rate of interest than the portion of the Account Value not subject to a loan, but it will not accumulate at a rate that is less than the guaranteed minimum interest rate shown in your Schedule.

We will not terminate your policy in a policy year as the sole result of a change in the loan interest rate in that policy year; and will maintain coverage until your policy would have otherwise terminated without the change in loan interest rate in such policy year.

## **LOAN REPAYMENTS**

You may repay all or part of a loan at any time while your policy is in force. Unless you indicate otherwise, we will apply any payments other than Scheduled Premiums as loan repayments and not as premiums. When you make a loan repayment, the loan amount is decreased by the repayment amount.

## **PARTIAL WITHDRAWAL PROVISIONS**

### **PARTIAL WITHDRAWALS**

A partial withdrawal is a withdrawal of a portion of the Net Surrender Value. Taking a partial withdrawal may result in a surrender charge and reduce your Death Proceeds. We deduct a partial withdrawal service fee each time you take a partial withdrawal. The amount of the partial withdrawal service fee and the surrender charge are in your Schedule.

You may give us notice requesting a partial withdrawal on any Monthly Processing Date after the first policy anniversary. The partial withdrawal will be effective as of the Monthly Processing Date after we approve your request. The minimum and maximum partial withdrawal amounts are in your Schedule. We limit the number of partial withdrawals in a policy year to the number shown in your Schedule. We will also limit the amount of the partial withdrawal so that, immediately after the requested partial withdrawal, the Target Death Benefit is at least equal to the Minimum Death Benefit we require to issue your policy.

We may ask you to return your policy to our Customer Service Center to make this change. The withdrawal and the reductions in death benefits, if any, will be effective as of the Monthly Processing Date after we approve your request.

## **PARTIAL WITHDRAWAL EFFECT ON DEATH BENEFIT**

A partial withdrawal does not reduce the Stated Death Benefit when:

- a. The Base Death Benefit has been increased to qualify your policy as life insurance under the Internal Revenue Code; and
- b. The amount withdrawn is not greater than that which reduces the Account Value to the level that no longer requires the Base Death Benefit to be increased for Internal Revenue Code purposes.

In all other situations, a partial withdrawal may reduce the Stated Death Benefit, depending on the death benefit option in effect:

- a. For a policy with Death Benefit Option 1, a partial withdrawal reduces the Stated Death Benefit by the amount of the partial withdrawal.
- b. For a policy with Death Benefit Option 2, a partial withdrawal does not reduce the Stated Death Benefit.
- c. For a policy with Death Benefit Option 3, a partial withdrawal reduces the Stated Death Benefit by any partial withdrawal amount in excess of premiums paid, minus prior partial withdrawals and partial withdrawal service fees, to the date of the partial withdrawal.

If a partial withdrawal reduces the Stated Death Benefit, it will also reduce the Target Death Benefit by an equal amount. Any reduction in death benefit or Account Value will occur as of the next Monthly Processing Date after we approve your partial withdrawal request. We will limit the amount of the partial withdrawal such that, immediately after the requested partial withdrawal, the death benefit is at least equal to the Minimum Death Benefit.

## **SURRENDER PROVISIONS**

### **POLICY SURRENDERS**

You may give us notice requesting a surrender of your policy at any time after the Right to Examine Period and before the death of the Insured, and receive the Net Surrender Value. Once we receive both your notice and your policy at our Customer Service Center, we will compute the Net Surrender Value as of the last Monthly Processing Date. We will cancel your policy as of the date we receive your notice, and you will not have any further benefits under your policy. You cannot reinstate your policy once you have surrendered it.

We will pay the Net Surrender Value in one lump sum unless you request an alternate method of payment. We describe other available payout methods in the Settlement Options Provisions section.

### **Surrender Value**

Surrender Value is the Account Value minus surrender charges, if any. The Surrender Value will not be less than the minimums required as of the Policy Date by the state in which your policy is delivered.

### **Net Surrender Value**

The Net Surrender Value on any date equals:

- a. The Surrender Value; minus
- b. Any Loan Amount.

## **SURRENDER CHARGES**

The surrender charge is the charge subtracted from the Account Value in the event of surrender, policy lapse, a requested reduction in the Stated Death Benefit or certain partial withdrawals. A separate surrender charge may apply to each Segment of Stated Death Benefit. The surrender charge for your policy is the sum of the surrender charges for each Segment of Stated Death Benefit.

The surrender charge is in your Schedule. It depends on the Segment year, Segment Age and the Stated Death Benefit shown in your Schedule. The surrender charge is based on the amount of Stated Death Benefit surrendered and may change with any increase or decrease in your policy's death benefit.

During the surrender charge period for any Segment, if you request a decrease to the Stated Death Benefit or take a partial withdrawal that causes the Stated Death Benefit to decrease, the surrender charge will decrease in the same proportion that the Stated Death Benefit decreases.

If there is a decrease in the Stated Death Benefit, we deduct the applicable surrender charge from the Account Value. The amount of the surrender charge that we deduct will equal the surrender charge in effect before the decrease minus the surrender charge in effect after the decrease. If the amount deducted from the Account Value causes the Net Surrender Value to become zero or less, you may enter the Grace Period. For details, see the Grace Period section.

## **BASIS OF COMPUTATION**

The Surrender Value under your policy is not less than the minimum required, as of the Policy Date, by the Standard Nonforfeiture Laws of the state in which your policy was delivered. We have filed a detailed statement of the method of computation of the policy values with the insurance department of the state in which your policy was delivered, if required.

## **GRACE PERIOD, TERMINATION AND REINSTATEMENT PROVISIONS**

### **GRACE PERIOD AND LAPSE**

On a Monthly Processing Date, if the Net Surrender Value is zero or less, your policy will enter into the Grace Period for 61 days, except as provided in the Special Continuation Period and Minimum Monthly Premium section.

Once your policy has entered the Grace Period, to keep it in force you must make a required premium payment. This required premium payment will be equal to the past due charges plus an amount we expect to be sufficient to keep your policy and any riders in force for 2 months following receipt of this required premium payment. We will mail notice of the amount of this required premium payment to you and any assignee at the last known address at least 30 days before the end of the Grace Period. If you send this required premium payment by U.S. mail, postmarked within the Grace Period, we will apply the Net Premium payment to your policy and deduct the past due amounts. We will consider any required premium payment received by us within 7 days of the end of the Grace Period as having been sent within the Grace Period.

If you do not send to us the required premium payment by the end of the Grace Period, your policy will lapse. Lapse means that your policy terminates without value.

If the death of the Insured occurs during the Grace Period, we will deduct any unpaid Monthly Deductions from the Death Proceeds of your policy. If you surrender your policy during the Grace Period, we will deduct any unpaid Monthly Deductions from the Account Value.

### **SPECIAL CONTINUATION PERIOD AND MINIMUM MONTHLY PREMIUM**

The special continuation period and Minimum Monthly Premium are in your Schedule. If on each Monthly Processing Date during the special continuation period (when we test to determine if your policy will enter the Grace Period), your policy satisfies the special continuation period requirement, your policy and any riders will remain in force and will not enter the Grace Period. Your policy satisfies the special continuation period requirement if the Net Account Value is greater than zero and a. equals or exceeds b., where:

- a. Is the sum of the premiums paid since the Policy Date, minus all partial withdrawals, partial withdrawal service fees and the Loan Amount; and
- b. Is the sum of the Minimum Monthly Premiums since the Policy Date.

### **TERMINATION**

All coverage provided by your policy will end as of the earliest of:

- a. The date your policy is surrendered;
- b. The date of the Insured's death; or
- c. The date your policy lapses (when the Grace Period ends without payment of the required premium).

Coverage provided by your riders will end according to their terms.

## REINSTATEMENT

Reinstatement means putting a lapsed policy back in force. If your policy has lapsed at the end of the Grace Period, we will reinstate your policy if you meet all of the conditions listed below. The reinstatement date will be the Monthly Processing Date on or next following the date you meet all of the conditions. If you have met all of the conditions listed below, and the Insured's death occurs before the Monthly Processing Date on which we reinstate your policy, we will pay the Death Proceeds as of that Monthly Processing Date. We will allow reinstatement subject to the following conditions:

- a. You have not surrendered your policy for its Net Surrender Value;
- b. We receive your notice to reinstate your policy on or before the earlier of:
  - 1. 5 years after the date your policy lapses, or
  - 2. Attained Age 121;
- c. You submit evidence satisfactory to us that the Insured is still insurable according to our normal rules of underwriting applicable to the original risk class and rating of your policy;
- d. Payment of a premium at least equal to an amount projected to keep your policy and any applicable riders in force from the beginning of the Grace Period to the end of the expired Grace Period and for an additional 2 months after the date of reinstatement. We will notify you of this required reinstatement premium amount in a reinstatement letter; and
- e. We receive any requested payment amounts within the period provided in the reinstatement letter.

Once we reinstate your policy:

- a. We will reinstate the Loan Amount, if any, calculated as of the end of the Grace Period;
- b. The surrender charge period and the special continuation period for your reinstated policy will continue to be determined from the Policy Date as if your policy had not lapsed; and
- c. The Account Value on the reinstatement date will equal:
  - 1. The Account Value at the end of the Grace Period; plus
  - 2. The Net Premium paid on reinstatement; minus
  - 3. Any unpaid Monthly Deductions through the end of the Grace Period.

You may reinstate your riders subject to the provisions in the rider forms.

## GENERAL POLICY PROVISIONS

### YOUR POLICY

Your initial policy, including a copy of your application and any amendments, endorsements and riders, plus any subsequent applications for changes to your policy or reinstatement and Schedules, amendments, riders, endorsements, make up your entire policy between you and us. We will attach a copy of your original application to your policy at issue. If there is a change in coverage, we will send you a copy of any application and any applicable Schedules for you to attach to your policy. In the absence of fraud, we will consider all statements made in your initial application, and any application for reinstatement, as representations and not warranties. No statement will be used to deny a claim unless it is in an application that is made part of your policy.

Both our president, or an officer, and our secretary or assistant secretary must sign all changes to your policy. No other person can change any of your policy's terms and conditions.

Your policy does not participate in our surplus earnings.

## **NOTICE AND PROCEDURES**

Unless we allow otherwise, you must send us notice of all selections, designations, assignments and requests in a written form acceptable to us. You should send any notice to our Customer Service Center. We may require a return of your policy or proof of your lost policy for the surrender of, or any change to, your policy. We are not liable for any action we take before we receive and record your written notification at our Customer Service Center.

Where applicable, all changes to your policy will be subject to our normal rules of underwriting, to include availability of reinsurance coverage, risk classifications and ratings.

In the event of the death of the Insured, please let us know as soon as possible. Once we receive notification of the Insured's death, we will promptly send claim filing instructions to you or the beneficiary. We may require proof of Age and a certified copy of the death certificate. We may require the beneficiary and next of kin to sign authorizations as part of due proof of the death claim. These authorization forms allow us to obtain information about the decedent, including, but not limited to, medical records of physicians and hospitals used by the decedent.

## **AGES**

### **Age**

Age is the age of the Insured on his or her birthday nearest the Policy Date. We issue your policy at the Age shown in your Schedule.

### **Attained Age**

Attained Age is the Insured's Age as of the Policy Date plus the number of completed policy years.

### **Segment Age**

Segment Age is the age of the Insured on his or her birthday nearest the first day of the Segment.

## **INSURED**

The Insured is the person whose life is insured by your policy. The Insured's name is in your Schedule and the Insured may or may not be the owner of your policy.

## **OWNERS**

The original owner is the person or entity named as the owner in your application. You, as the owner, can exercise all rights and receive the benefits until the Insured's death. This includes the right to change the owner, beneficiaries and methods for the payment of Death Proceeds. All rights of the owner are subject to the rights of any assignee and any irrevocable beneficiary.

You may name a new owner by sending us notice. Unless you state otherwise, the new owner designation will take effect on the date you sign the notice, subject to any payments or actions we take prior to receipt of your notice at our Customer Service Center.

## **BENEFICIARIES**

Your beneficiary designation will be on file with us or at a location designated by us. Until the Insured's death, you may name a new beneficiary by sending us notice. Unless you state otherwise, the new beneficiary designation will take effect on the date you sign the notice, subject to any payments or actions we take prior to receipt of your notice at our Customer Service Center. We will pay Death Proceeds to the beneficiaries listed on your most recent beneficiary designation and we will not be subject to multiple payments.

We will pay the Death Proceeds to the primary beneficiary or beneficiaries surviving the Insured's death. If no primary beneficiaries survive the Insured's death, we will pay the surviving contingent beneficiary or beneficiaries. If more than one beneficiary in a class survives the Insured's death, they will share the Death Proceeds equally, unless your beneficiary designation provides otherwise. We will pay the Death Proceeds to you or your estate if there is no surviving designated beneficiary.

## **ASSIGNMENT**

You may assign your policy as security by giving us notice. Unless you state otherwise, the assignment will take effect on the date you sign the notice, subject to any payments or actions we take prior to receipt of your notice at our Customer Service Center. The rights of the owner and beneficiaries are subject to the assignment. We are not liable for the validity of any assignment.

## **INCONTESTABILITY**

After your policy has been in force for 2 years from the date of issue, we will not contest it, except for nonpayment of premiums. After your policy has been in force for 2 years from the effective date of any approved request requiring underwriting, we will not contest the approved request, except for nonpayment of premiums. We will base any contest only on statements made in your application for your policy or in your request requiring underwriting, whichever is applicable; and the statements must be material to the risk accepted or the hazard assumed by us. Notwithstanding the above, we may contest your policy at any time if it was procured by fraud, as permitted by the law of the state in which your policy was delivered.

## **MISSTATEMENT OF AGE OR GENDER**

We will adjust the death benefit if the Insured's Age or gender has been misstated. Notwithstanding the Incontestability section, the death benefit will be that which the cost of insurance, as deducted from the Account Value on the last Monthly Processing Date prior to Insured's death, would have purchased for the Insured's correct Age and gender.

## **CHANGE IN TOBACCO USE**

If there is a change in the Insured's tobacco use habits during the time your policy is in force, you may apply for a change to the Insured's risk class by sending notice to us at our Customer Service Center. Your policy must have been in force for one year from the date of issue before you may make your request. We will base any change on our normal rules of underwriting.

## **SUICIDE EXCLUSION**

If the Insured commits suicide, while sane or insane, within 2 policy years of the date of issue, we will make a limited payment to the beneficiary. We will pay in one lump sum the amount of all premiums paid to us during that time, minus any Loan Amount and partial withdrawals. Coverage under your policy and all riders will then terminate.

If after 2 policy years from the date of issue and within 2 Segment years of the effective date of a new Segment, an increase in any other benefit, or any action requiring underwriting, the Insured commits suicide, while sane or insane, we will make a limited payment to the beneficiary for the new Segment, increase or benefit. This payment will equal the cost of insurance and any applicable monthly administrative charges deducted for such Segment or other increase. Coverage under that Segment or increase will then terminate.

## **DEFERRAL OF PAYMENT**

We may defer payment of any partial withdrawal, surrender or loan, except for any loan used to pay premiums, for up to 6 months after receipt of your notice. We will not defer payment of Death Proceeds.

## **PERIODIC REPORTS**

We will send you, without charge, at least once each year a report that shows the report period date, the Account Value, the Surrender Value, the amounts credited and debited to your policy, the death benefit, any Loan Amount and a notice if your policy will enter the Grace Period before the end of the next reporting period based on guaranteed charges and no additional premium payments. The report will include any other information required by the insurance department of the state in which your policy is delivered.

## **ILLUSTRATION OF BENEFITS AND VALUES**

You may give us notice requesting a hypothetical illustration of future death benefits and Account Values. This illustration will include the information required by the laws of the state where your policy is delivered. If you request more than one illustration during a policy year, we reserve the right to charge a reasonable fee for each additional illustration. The maximum amount of this fee is in your Schedule.

## **ING CUSTOMER SERVICE CENTER**

The ING Customer Service Center is located at P.O. Box 5065, Minot, ND 58702-5065. For overnight delivery, the address is 2000 21st Ave NW, Minot, ND 58703-0890. Unless we give you notice otherwise, you should send:

- a. All payments to the address on any provided premium notice or coupon and return envelope; and
- b. All other payments, notices and requests to the Customer Service Center.

## SETTLEMENT OPTIONS PROVISIONS

### SETTLEMENT OPTION SELECTION

A Settlement Option provides for payment of Death Proceeds or the Net Surrender Value in other than a lump sum. You may select a Settlement Option by giving us notice before the death of the Insured. If you have not selected a Settlement Option, the beneficiary may give us notice within 60 days after we receive due proof of the death claim. You may not name a payee that is not a natural person without our consent.

### SETTLEMENT OPTIONS

- a. Settlement Option I:  
Payouts for a Designated Period. Based on your selection, we will pay annual, semi-annual, quarterly or monthly installments per year for a designated period that may be 5 to 30 years. The installment dollar amounts will be equal except for any excess interest as described below. The amount of the first monthly payout for each \$1,000 of proceeds applied is in Settlement Table I.
- b. Settlement Option II:  
Life Income with Payouts for a Designated Period. Based on your selection, we will pay annual, semi-annual, quarterly or monthly installments per year throughout the payee's lifetime, or if longer, for a period of 5, 10, 15 or 20 years. The installment dollar amounts will be equal except for any excess interest as described below. The amount of the first monthly payout for each \$1,000 of proceeds applied is in Settlement Option Table II. This Settlement Option is available only for ages shown in the table. Payouts for Settlement Option II will be determined by using the 2000 Individual Annuity Mortality Table for the appropriate gender at 1.5% interest.
- c. Settlement Option III:  
Hold at Interest. You may leave amounts on deposit with us that we will pay on the death of the payee, or at any earlier date you select. Interest on any unpaid balance will be at the rate declared by us or at any higher rate required by law. You select whether interest will be left on deposit with us and accumulated or paid in monthly, quarterly, semi-annual or annual payments each year. You may not leave any amount on deposit for more than 30 years.
- d. Settlement Option IV:  
Payouts of a Designated Amount. Based on your selection, we will pay a designated amount in annual, semi-annual, quarterly or monthly equal installments per year until the proceeds, together with interest at the rate declared by us or at any higher rate required by law, are exhausted.
- e. Settlement Option V:  
Other. Settlement may be made in any other manner as agreed in writing between you (or the beneficiary) and us.

### SETTLEMENT OPTION CHANGES AND WITHDRAWALS

You may change any Settlement Option at any time before the Insured's death. If you have given the beneficiary the right to make changes or withdrawals, or if the beneficiary has selected the Settlement Option, the beneficiary (as primary payee) may take the following actions:

- a. Make a change from Settlement Options I, III, and IV to another Settlement Option;
- b. Take a full withdrawal under Settlement Option III or IV; and partial withdrawals of not less than \$300 under Settlement Option III;
- c. Commute and receive in one sum any remaining installments under Settlement Option I at 1.5% interest; and
- d. Change any contingent payee designation.

You may give us notice requesting a change or withdrawal. We may require that you send in the supplementary policy or provide proof of your lost policy. We may defer payment of a commuted payment and any withdrawals for a period up to 6 months.

#### **SETTLEMENT OPTION EXCESS INTEREST**

We may declare an interest rate above the guaranteed rate on Settlement Options I, II, III and IV. The crediting of excess interest for one period does not guarantee the higher rate for other periods.

#### **SETTLEMENT OPTION MINIMUM AMOUNTS**

The minimum amount you may apply under any Settlement Option is \$2,000. If the payments to the payee are ever less than \$20, we may change the frequency of payments to result in payments of at least that amount.

#### **SUPPLEMENTARY POLICY**

When a Settlement Option becomes effective, we will surrender your policy in exchange for a supplementary policy. It will provide for the manner of settlement and rights of the payees. The supplementary policy's effective date will be the date of Insured's death or the date of surrender. The first payment under Settlement Options I, II, and IV will be payable as of the effective date. The first interest payment under Settlement Option III will be made as of the end of the interest payment period selected. We will make subsequent payments in accordance with the frequency of payment selected. You may not assign the supplementary policy or payments without our consent.

#### **INCOME PROTECTION**

Unless otherwise provided in the selection, a payee does not have the right to commute, transfer or encumber amounts held or installments to become payable. To the extent provided by law, the proceeds, retained amounts and installments are not subject to any payee's debts, policies or engagements.

#### **DEATH OF PRIMARY PAYEE**

On the primary payee's death, we will continue any payments certain under Settlement Option I or II, interest payments under Settlement Option III, or payments under Settlement Option IV to the contingent payee, or release any amounts in one lump sum, if permitted by your policy. The final payee will be the estate of the last to die of the primary payee and any contingent payee.

#### **PAYMENTS OTHER THAN MONTHLY**

The tables that follow show monthly installments for Settlement Options I and II. To arrive at annual, semi-annual or quarterly payments, multiply the appropriate figures by 11.813, 5.957 or 2.991 respectively. We will provide factors for other periods certain, or for other options provided by mutual agreement, on reasonable request.

## SETTLEMENT OPTION TABLES

**SETTLEMENT OPTION TABLE I**  
(Per \$1,000 of proceeds)

<b>No. of Years Payable</b>	<b>Monthly Installment</b>	<b>No. of Years Payable</b>	<b>Monthly Installment</b>
5	\$17.28	18	\$5.27
6	\$14.51	19	\$5.03
7	\$12.53	20	\$4.81
8	\$11.04	21	\$4.62
9	\$9.89	22	\$4.44
10	\$8.96	23	\$4.28
11	\$8.21	24	\$4.13
12	\$7.58	25	\$3.99
13	\$7.05	26	\$3.86
14	\$6.59	27	\$3.75
15	\$6.20	28	\$3.64
16	\$5.85	29	\$3.54
17	\$5.55	30	\$3.44

We base these monthly installments on an interest rate of 1.5% per year.

## WAIVER OF SURRENDER CHARGE RIDER

This Waiver of Surrender Charge Rider (the "Rider") provides that we will waive a specified portion of the surrender charge on the initial Stated Death Benefit if you surrender your Policy under the specific circumstances described below.

### GENERAL

#### POLICY, EFFECTIVE DATE, OWNER AND INSURED

The Rider is part of your policy to which it is attached (your "Policy") and is listed in your Schedule. It is effective on the Policy Date and you may not add it after your Policy is issued. Unless expressly changed, the terms and conditions of your Policy remain the same and apply to the Rider. The Rider does not participate in our surplus earnings. It has no loan value and it does not change the definition of the Surrender Value in your Policy. The Rider has the same Owner and Insured as your Policy.

#### COST

The cost for the Rider is in your Schedule.

### DEFINITIONS

The terms not defined in the Rider have the same meaning as in your Policy.

#### LENDER

A Lender is a financial institution that lends you money that you use to finance your Policy.

#### QUALIFYING TERMINATION EVENT

A Qualifying Termination Event is notice of default on all existing loans from all existing Lenders to you. You must provide written proof, satisfactory to us, of default from each Lender with your surrender request.

### BENEFITS

If you request a surrender of your Policy on or within 30 days after a Qualifying Termination Event, we will waive a specified portion of the surrender charge on the initial Stated Death Benefit of your Policy. The specified portion of the surrender charge eligible for waiver, the surrender charge on the initial Stated Death Benefit and the initial Stated Death Benefit are in your Schedule. This surrender charge waiver is not available if you change your Policy ownership, including any change in beneficial ownership, after the Policy Date.

### TERMINATION, REINSTATEMENT AND INCONTESTABILITY

#### TERMINATION

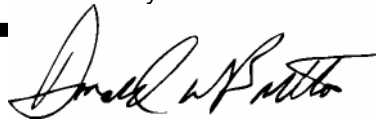

The Rider will terminate on the earliest of the following:

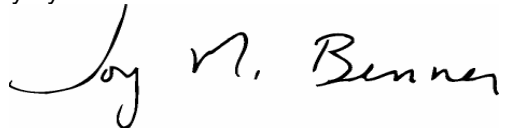

- The date your Policy expires or terminates for any reason;
- The policy anniversary nearest Attained Age 121;
- The date there are no longer any surrender charges on your Policy; and
- Prepayment or refinancing of any existing loan from any Lender; however, in this circumstance you may request that we restore the Rider.

#### REINSTATEMENT AND INCONTESTABILITY

If we reinstate your Policy under your Policy Reinstatement provision, we may reinstate the Rider if it was in effect when your Policy terminated. After the Rider has been in force for 2 years from the Policy Date, we will not contest it, except for nonpayment of the Rider cost.

**STATE OF ARKANSAS  
CERTIFICATE OF COMPLIANCE**

I hereby certify that for life insurance policy form number:

1177-10/08 Flexible Premium Adjustable Life Insurance Policy

1. The reserves under this policy shall be at least equal to the reserves provided under the minimum valuation standard set forth under Section 6 of Arkansas Insurance Department Regulation 34.
2. When calculating the reserves under the minimum reserves method in Regulation 34, in no case shall the reserves be less than the actual cash surrender values provided for under the policy contract.
3. The minimum cash surrender values under this policy and the minimum paid-up nonforfeiture benefits shall be determined in accordance with the terms of Section 7 of Regulation 34 pertaining to fixed premium universal life insurance policies.

**LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE  
GUARANTY ASSOCIATION ACT**

Residents of this state who purchase life insurance, annuities or health and accident insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of this Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy owners who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by the member insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting insurance companies that are well managed and financially stable.

**DISCLAIMER**

**The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in the state. You should not rely on coverage by the Guaranty Association in purchasing an insurance policy or contract.**

**Coverage is NOT provided for your policy or contract or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.**

**Insurance companies or their agents are required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.**

**The Arkansas Life and Health Insurance Guaranty Association  
c/o The Liquidation Division  
1023 West Capitol, Suite 2  
Little Rock, Arkansas 72201**

**Arkansas Insurance Department  
1200 West Third Street  
Little Rock, Arkansas 72201-1904**

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"). Below is a brief summary of the Acts coverages, exclusions and limits. This summary does not cover all provisions of the Act; nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

**COVERAGE**

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity, or health insurance contract or policy, or if they are insured under a group insurance contract, issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

**EXCLUSIONS FROM COVERAGE**

However persons holding such policies are NOT protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- The insurer was not authorized to do business in this state;
- Their policy or contract was issued by a nonprofit hospital or medical service organization, an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends and voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contract holders, not individuals).
- Unallocated annuity contracts issued to/in connection with benefit plans protected under Federal Pension Benefit Corporation ("FPBC") (whether the FPBC is yet liable or not);
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution);
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by State or Federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, or extra-contractual or penalty claims;
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliated benefit plan or its trustees).

#### **LIMITS ON AMOUNT OF COVERAGE**

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 -- no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$300,000 limit, the Association will not pay more than \$300,000 in health insurance benefits, \$300,000 in present value of annuity benefits, or \$300,000 in life insurance death benefits or net cash surrender values - again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits, irrespective of the number of contracts held by the contract holder. These are limitations for which the Guaranty Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer.
